The training & Placement Cell of Global Institute of Engineering & Management poises to create the most effective base for the purpose as has been the case since inception. The Training as such constitutes the basic component of the cell which has the onus of making the students employable with an aim to develop them 360 degree by taking the inputs from industries on latest demands. This part takes care of the overall skill and behavior centric development of the students. To name some major efforts which have been taken up on the account of placement, the first exercise starts with invoking of the training need analysis (TNA) and preparing corporate dossier for establishing the selection parameters and understanding the criteria of recruiters. The placement cell of the institute contacts, proposes, lives up and receives the companies on the specific dates for conduct of the drive. Our placement cell, as against the general trend, has been successfully instrumental in bringing Core Mechanical, Civil & Electronics Companies for the recruitment of the students. The placement drives so far have testimony to the fact that despite the economic slump we have been able to call the companies for all Engineering branches including MBA to come and recruit the students on a decent compensation. The placement team of Global is an assortment of trained talented professionals boasting of serious industrial and academic credentials in different verities of business. The Team members bring with them the know-how, loads of experience, expertise and flexibility to hand holds the students & recruiters both.

I feel extremely delighted to express my happiness of sharing my views with you all that got placed in ZenSar Technologies. I would like to thank my institution Global Education Care Saragathi's Group of Institutions for serving such innovative and interesting ideas of learning technologies with such an ease. Really they've been very lucky that we are studying in Global Education Care. The Training and Placement cell provided us with the best training to develop my personality skills and that benefited me in the campus drive.**impetus**

GLOBAL, as its tag line suggest The Best, and it gives the best to its students. Values, skills, discipline and co-curricular activity, combination of all these things are taught here. College teaches the education in best possible way. The overall development of the student works very hard for bringing them to the campus. So thank you for all these people in a very short word, it's something more than that.**ashirvad PIPES**
